SPRINGFIELD RIFLES ARE DIS TRIBUTED TO TEXAS TROOPS.

Wennons a Little Ancient, but the Volunteers Are Glad to Get Arms of Any Kind.

(Special Correspondence of The Post.) United States Camp, Near Mobile, Ala., May 30 .- The Texas troops here are beginning to be firm believers in the old adage "Everything comes to him who waits." After waiting for three weeks subsequent to their being mustered in they eceived a part of their clothing and today they were made happy by the Springfields which were issued them by Lieutenant O. Fifth cavalry. C. Drew, Jr., and Lieutenant John S. Holman, acting ordnance officers.

The rifles distributed in the First regiment were 741 in number, thus completing the equipment of the command, as some of the companies had a few serviceable tuns which they retained on leaving Camp Mabry. The arms are of the 1873 model, are 45 caliber and are furnished with the 1878 model sight, which, although it has no wind gauge, is considered by some authorities as being superior to the Buffington model. The boxes in which the ordnance was shipped were marked as hav ing been packed a number of years ago, some of them as far back as 1883, but the volunteers were too glad to be provided with arms of any kind to complain on this score. They will have no chance to use to much better advantage than they have at any previous time. The Second Texas did not receive the

The feature of the day was the prosentation of a beautiful silk edition of "Old Glory" to the San Antonio Zouaves this evening. The presentation was made by Judge Charles M. Barnes of the Alamo City, who came all the way from his home for the purpose, leaving on the return trip tonight. The flag was nurchased by a number of ladies of San Antonio, assisted by some of the chizens, and the trouble and expense gone to in getting it into the hands of the company shows that the pabehind is by no means dead.

The presentation took place in front of the quarters of the Zonaves, and all the members of the company, together with many of the officers and men of the regi-ment, were present. Judge Barnes, in turn-

ing the flag over to its recipients, said:
"Captain Hernandez and Brave Soldlers of the San Antonio Zouaves, My Friends and Fellow Countrymen: The citizens of San Antonio have honored me by selecting ms as their messenger and bearer to you of this, their gift. Headquarters of Sayers' Central Campaign Club, Austin, Texas, May 31 .- At the beginning of this campaign there were four candidates for the gubernatorial nomination. Mr. Crane, Mr. Jester and Mr. Wynne very properly went before the people, urg-ing their qualifications for the office, which Major Sayers has been unable to do, because a great National crisis has arisen, and, he being the chosen financier of our

party in congress, refuses to desert the trust imposed upon him.

It is strange that with a public record of over thirty years, until today, none has ever questioned his loyalty to either coun-

try or party. Until now Mr. Wynne has culogized Major Sayers as a democrat without re-proach, but, after General Crane and Governor Jester withdrew and he had become the only remaining opponent to Major Say ers, the Wynne management began sendin out literature attacking his party integrity We are now told by them that a vote for Sayers is a vote for Clevelandism-a vot

Governor Lubbock says; "His party rec-ord, like that of war, is irreproachable."

If the democratic leaders of Texas and the Nation are to be believed, Major Say-era' record is without a flaw and he is su-perbly equipped for the office he sceles. Mr. Wynne says; "Sayers has held office long enough." If this is to be applied it would bar from the public service such men as W. J. Bryan, Dick Bland, James S. Hogg, C. A. Culberson, John H. Heagan, J. W. C. A. Culberson, John H. Reagan, J. W. Bailey, Horace Chilton and others, who by their services, have made illustrious the by their services, have made illustrious the democratic party. Mr. Wynne's argument leads to the conclusion that the better filted a man becomes to serve his people the less chance he ought to have to do so, and, if like himself, a man can be found who is totally without training, he ought to be at once placed in charge of the intricate affairs of this great State.

However, it is sufficient that the people trust Joe Sayers as he trusts them. By their votes they are demonstrating their approval of his course, and they are repu-

JUDGE CAVIN.

His Announcement for Judge of the Court of Criminal Appeals. To the Democrats of Texas.

Galveston, Texas, May 17.—Responding to many inquiries as to whether I will become a candidate before the democratic convention to succeed Hon.

J. M. Hurt upon the court of criminal specals bench, I make this announcement: I am not a candidate for the nomination in the sense of making a canvass for it. Even if it were proper to make a personal canvass or camcanvass for it. Even if it were proper to make a personal canvass or campaign for such an office, I would not be able to do so because the criminal courts of Galveston and Harris counties will be in session in one or the other of these counties from now until about the last of July, and my time will therefore be occupied with the business of the court until the assembling of the convention. When the State convention meets, if my friends should deem it proper to place my name before it as a candidate for the nomination for judge of the court of criminal appeals, and if a m nominated, the nomination will be accepted with a full sense of the honor conferred by the action of the convention and of the grave responsibilities inand of the grave responsibilities in-volved in the discharge of the duties of that high office.

'In making this announcement I have no platform to promulgate, unless it

be to assure the people that, if I am nominated and elected, it will be my sole purpose in the performance of the duties of the office to declare the law as I find it enacted and established, according to the best of my understanding
